### Program Information:

The order and length of time spent on each topic is subject to change. Some students take longer in some areas and a shorter time in others, depending on their abilities to master the content. The advantage of this program is that it works at the student's pace. All training is done using one-on-one instruction during a student's scheduled class time.

### Start Dates and Class Hours:

Office Careers has open-enrollment. Students may not initially get a preferred classtime. Available classtimes start between 8:00 am and 2:00 pm. Classes run Monday through Friday where training time is one to three-hours per day.

### MS Office:

Microsoft Office Suite of software is the workhorse of the business world. We use current releases so you can be familiar with the most current programs and qualify for better jobs. We teach Word, Excel, PowerPoint, Access and Outlook from beginning to advanced.

Through a combination of quizzes and daily exercises based on the textbook "Daily Dispatch Challenge," students will learn how to create and keep logs, learn state and federal regulations, calculate load arrival times, assemble and use a well-organized record keeping system, handle emergency situations and problem solve with customers/drivers.

### Keyboarding/Ten Key:

### **Laptops Provided by Office Careers:**

#### Setup and Internet Access

Essential equipment to attend classes remotely or onsite is included in the cost of all training plans. When a student uses a laptop from their home, they will need to sign an ownership agreement. Students may not use their own computers for classes unless they sign a terms agreement with Office Careers that releases us from any damages or loss of data.

Laptops provided by Office Careers are pre-configured for on-line communication and remote access. We setup our laptops for students with no prior computer experience. We have backups and safety built in so that we can repair a computer without a home visit and limit the loss of class days due to any technical issues.

Computers supplied by Office Careers may include a secondary monitor (our modern-day paper stand), and a wireless keyboard/mouse to avoid using the laptops keyboard. We can provide ergonomic devices that are generally sold at office stores or easily configure for prescribed devices. If needed, Office Careers will arrange for Internet service that may include paying the student to keep internet service running in their home. Only in cases where a student will need Internet access via Satellite, may other fees be negotiated as an additional expense.
